## INDEPENDENT AUDITOR'S REPORT

Board of Education  
Cupertino Union School District  
Cupertino, California

**Report on the Financial Statements**

We have audited the accompanying financial statements of Cupertino Union School District (the "District") Measure H General Obligation Bonds activity included in the Building Fund of the District ("Measure H Bonds"), as of and for the year ended June 30, 2020, and the related notes to the financial statements as listed in the table of contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

---

(Continued)

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cupertino Union School District's Measure H General Obligation Bonds activity as of June 30, 2020, and the changes in financial position thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 1, the financial statements present the financial activity and balances of the Measure H General Obligation Bonds only, and do not purport to, and do not, present fairly the financial position of Cupertino Union School District as of June 30, 2020, the changes in its financial position, or, where applicable, its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 4, 2021, on our consideration of Cupertino Union School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters for the Measure H General Obligation Bonds Activity. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Cupertino Union School District's internal control over financial reporting or on compliance for the Measure H General Obligation Bonds Activity. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance for the Measure H General Obligation Bonds Activity.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of Cupertino Union School District (the “District”) conform to accounting principles generally accepted in the United States of America as applicable to governments and to general practices within California School Districts. The District accounts for its financial transactions in accordance with policies and procedures of the Department of Education's *California School Accounting Manual*. The activities of the Measure H General Obligation Bonds are recorded along with other activities in the District's Building Fund. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as presented by the Government Accounting Standards Board (GASB). The following is a summary of the more significant accounting policies:

Financial Reporting Entity: The financial statements include the financial activity of the Measure H General Obligation Bonds only. These financial statements are not intended to present the financial position and results of operations of Cupertino Union School District as a whole, in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements of the Building Fund are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Using this measurement focus, only current assets and current liabilities are included in the balance sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. “Available” means collectible within the current period or within 60 days after year-end. Expenditures are recognized in the accounting period in which the liability is incurred.

Budgets and Budgetary Accounting: Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. By State law, the District's Board of Education must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's Board of Education satisfied these requirements.

The District's Board of Education and Superintendent revise the budgets during the year to give consideration to the impact from unanticipated income and expenditures.

As a first step in developing the Measure H bond construction program, the District together with its Bond team consultants, completed an evaluation of all District sites. Throughout this process, cost estimations were completed and budgets were revised. The budgets presented in this report are based on the most up to date information available. After the election, the Board and Superintendent determined the priority for funding based on need and importance of the project. As milestones are reached in the design phase and as construction bids are approved, the individual school project budgets will be revised and presented to the governing board for their review and approval.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

MEASURE H GENERAL OBLIGATION BONDS  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2020

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Accounting Estimates: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30.

**NOTE 2 – PURPOSE OF BOND ISSUANCE**

Bond Authorization: By approval of the proposition for Measure H by at least 55% of the registered voters voting on the proposition at an election held on June 5, 2012, Cupertino Union School District was authorized to issue and sell bonds of up to \$220,000,000 in aggregate principal amount.

Purpose of Bonds: The proceeds of the Measure H Bonds may be used as follows, based on the summarized text of the ballot language:

*"To improve school safety and facilities for learning and teaching, shall Cupertino Union School District issue \$220 million in bonds at interest rates within the legal limit, to construct new classrooms for growth, complete seismic upgrades, construct science labs, upgrade computers and education technology, renovate playgrounds, replace restrooms, cafeterias, roofs, heating and fire safety systems, remove hazardous materials, improve energy efficiency, and qualify for State grants, with independent audits and citizen oversight? The State cannot take the funds."*

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

Bond Project List: The Bond Project List, which is an integral part of the proposition, lists the specific projects the District proposes to finance with proceeds of the Measure H Bonds. Listed repairs, rehabilitation projects and upgrades will be completed as needed at a particular school site. Each project is assumed to include its share of costs of the election and bond issuance, architectural, engineering, and similar planning costs, construction management, and customary contingency for unforeseen design and construction costs. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain construction funds expected from non-bond sources, if any, have not yet been secured. Therefore, the Board of Education cannot guarantee that the bonds will provide sufficient funds to allow completion of all listed projects.

MEASURE H GENERAL OBLIGATION BONDS  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2020

---

**NOTE 3 – CASH AND INVESTMENTS**

Cash in County Treasury: Cash at June 30, 2020 consisted of \$14,565,139 held as Cash in County Treasury. In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest-bearing Santa Clara County Treasurer's Pooled Investment Fund. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Interest Rate Risk: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2020, the District had no significant interest rate risk related to cash and investments held.

Credit Risk: The District does not have a formal investment policy that limits its investment choices other than the limitations of State law.

Concentration of Credit Risk: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2020, the District had no concentration of credit risk.

**NOTE 4 – GENERAL OBLIGATION BOND ISSUANCES**

The bonds are general obligations of the District, and Santa Clara County is obligated to levy ad valorem taxes for the payment of and interest on, the principal of the bonds. The Bond Interest and Redemption Fund is maintained by the County Treasurer and is used to account for both the accumulation of resources from ad valorem tax levies and the payment of interest and redemption of principal of the bonds issued by the District.

In 2012, the District issued Series A Bonds in the amount of \$25,000,000 to improve, construct, or reconstruct school facilities. The Series A Bonds were issued as Qualified School Construction Bonds, bear interest at rates ranging from 2.0% and 5.0% and are payable on June 30 of each year until maturity.

In 2014, the District issued Series B Bonds in the amount of \$99,995,000 to improve, construct, or reconstruct school facilities. The Series B Bonds bear interest at rates ranging from 2.0% and 5.0% and are payable on June 30 of each year until maturity.

In 2016, the District issued Series C Bonds in the amount of \$55,000,000 to improve, construct, or reconstruct school facilities. The Series C Bonds bear interest at rates ranging from 3.0% and 5.0% and are payable on June 30 of each year until maturity.

In June 2019, the District issued Series D Bonds in the amount of \$15,005,000, to improve, construct, or reconstruct school facilities. The Series D General Obligation Bonds bear interest at rates ranging from 2.5% to 5.0% and are payable on June 30 of each year until maturity.

**NOTE 5 – FUND BALANCE**

Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications are nonspendable, restricted, committed, assigned and unassigned. The fund balance of the Measure H General Obligation Bonds is restricted for the purposes as authorized through the approval of Measure H.

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation.

**NOTE 6 – COVID-19 PANDEMIC IMPACT**

In December 2019, a novel strain of coronavirus surfaced (COVID-19) and spread around the world, with resulting business and social disruption. In response to the pandemic and in compliance with various state and local ordinances, the District closed physical campuses and transitioned to a distance learning model. On March 13, 2020, the Governor of California issued Executive Order N-26 – 20, guaranteeing state funding to support the continued payment of salaries and benefits to all employees through June 30, 2020.

The operations and business results of the District could be adversely affected in the future including a reduction in the level of funding and impact to the timing of cash flows. In addition, significant estimates may be adversely impacted by national, state and local events designed to contain the coronavirus. Debt ratings for outstanding issuances may further be impacted. For the 2021 school year, the District is offering instruction in formats consistent with local health guidelines. Throughout the pandemic the District has put into practice a number of safety measures to protect students and employees and will continue to revise them as needed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Education  
Cupertino Union School District  
Cupertino, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Cupertino Union School District (the "District") Measure H General Obligation Bonds (the "Bonds") activity included in the Building Fund of the District as of and for the year ended June 30, 2020, and the related notes to the financial statements and have issued our report thereon dated February 4, 2021.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over Measure H General Obligation Bonds activity financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion of the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

---

(Continued)

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's Measure H General Obligation Bonds activity included in the Building Fund of the District's financial statements are free from material misstatement, we performed tests of the District's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
